

The GoodGuide mobile app makes it fast and easy to find safe, healthy, green, and ethical products, instantly delivering the information you need, when you need it most — in a store and on the go.

- **Comprehensive:** Find health, environmental, and social performance ratings for over 120,000 food, personal care, and household products — from baby shampoo to bathroom cleaner.
- **Quick, and Easy:** Barcode scanning makes it easier than ever to retrieve product ratings and information on your phone while you shop. Or browse and look up products with just a few taps.
- **Personalized:** Select the issues you care about most to see how products perform on your preferences. Get customized product recommendations. Create your own personal shopping lists.
